Price Edge

Optum Rx's Price Edge tool allows you to save time and money on your prescription medications! Researching medication prices can feel overwhelming. With Price Edge, your pharmacist can scan the market prices and compare to the cost of the medication in real time. Price Edge will select the lowest cost available, between discount prices and your cost share! Claims for covered medications automatically apply to your medical plan deductible in the PPO High Deductible Health Plan and out-of-pocket maximum in both the PPO High Deductible Health Plan and the PPO Copay Plan. The best part is, you do not need to sign up for this tool. It is automatically included with your plan. **Please note, the Price Edge program applies to non-specialty generic prescription medications only.**

GoodRx

The GoodRx tool is available to you and your enrolled dependents to save money on your out-of-pocket drug costs. **Please remember, if you use GoodRx, costs will not accumulate toward your medical plan deductible or out-of-pocket maximum.** Use the GoodRx tool to:

- Access the lowest prices for prescription drugs at more than 75,000 pharmacies
- Access coupons and savings tips that can cut your prescription costs by 50% or more
- Research medication side effects, pharmacy locations and much more
